# PROSPECTUS

**“Igniting Minds and Spirits”**

## Our Vision

Our vision is to be a leader in the education world by adapting the latest trends and using modernised methods to impart knowledge.

## Our Mission

Our values are based on the spiritual values and latest trends, that keep up with the requirements of the needs of the millennial generation.

## Our Core Values

### Appreciation

We show appreciation for one another whenever possible

### One Percent Better

We believe we can improve by one percent every single day.

### Compassion

We are a school that grows children who care for one another

### Perseverance

We recognize that learning is hard but we can reach our learning goals with guidance

### Courage

We boldly face challenges and support each other through difficult moments in our learning and life.

### Thoughtfulness

We think before we act

### Critical Thinking

We embrace and encourage thinking critically about the world's problems

### Spirit of inquiry

Be adventurous, open minded

### Cooperation

We work well together with all of our friends and classmates.

### Goal-Oriented

We're a goal-oriented school. We set ourselves personal goals that are challenging but achievable.

### Social skills

Our overall goal is to teach social skills to students to prepare them to face society in confidence.

# Message from the correspondent

Dear Parent

Greetings!

I am very happy to reach you through this message. At Athena Global School, we believe in providing high quality education in a supportive, friendly, dynamic, reflective and challenging learning environment. We are committed to continually reviewing our progress in order to find ways for further improvement.

We firmly believe that education is a three way partnership between students, parents and teachers. We are committed to fostering excellent relationships with parents to ensure the very best support. All our teachers are well qualified, experienced and they are being frequently trained at metropolitan cities and in-house for accessing the latest trends in education and for greater knowledge.

We offer IIT-JEE/NEET foundation and integrated course for our students for Grade VIII to X and XI to XII respectively. Excellence in academics is the hallmark of a good institution and the Grade X & XII results of the school prove without an iota of doubt that our students have made us proud. The key highlight of Grade X & XII is 100% pass results. We rank No 1 amongst CBSE schools in Chidambaram. Our teachers have planned to do more in the upcoming academic session for improving and enriching grammatical, mathematical and reading skills among the students.

The AGS staff and I feel privileged to be part of this school family. I, on behalf of AGS Chidambaram warmly welcome you to our school.

Sincerely,

**C. Amutha**

## About Athena Global School Group

In 2012, inspired by an understanding of the importance of homely, child-centered education, Athena Global School was founded in Chidambaram, now it caters the educational needs of 1100 students in Chidambaram. Chidambaram campus is offering CBSE curriculum to its students.

Inspired by the belief in progressive education – nurturing children to an independent and homely atmosphere, Athena Global School, Chennai campus came up with the Cambridge IGCSE curriculum in 2018 to provide stimulating education, value diversity and develop strength of character within an encouraging and supportive family atmosphere.

The school also has an advisory board which consist of high dignitaries from the education field and they periodically review the system of education required in the current scenario and suggest the system to be followed in AGS to bridge the gap between the required and offered. The school follows strong inbuilt SOPs (Standard Operating Procedures) from teacher, recruitment, training, internal appraisals and continuous monitoring and evaluation of students in order to achieve milestones in students progress. Moreover our school is an ‘inclusive school’ where we support high performers to perform even better and at the same time we enable of other students who need more support to progress.

## CBSE Curriculum

Our school follows CBSE curriculum which has been framed to be child centric. The children are encouraged to be independent, thereby developing their critical thinking and problem solving capability. Activity- based approaches are adapted to make learning an enjoyable part of the child’s life.

Continuous and Comprehensive Evaluation is done throughout the year as per norms laid by the central Board of Secondary Education. We have a grading system for assessing the overall performance of children. The academic year is divided into two terms. Regular class tests after completion of each lesson and two cycle tests are conducted for Grade III and above for each term. We believe in giving more emphasis on child’s listening, speaking and reading skills, thereby improving his/ her writing skills.

The medium of instruction is English. At the second and third language level, the school offers Tamil and Hindi as alternatives.
